Black Lives Matter.

To the Wynner community,

We are horrified by the deaths of George Floyd and countless other Black men and women. At the Justin Wynn Fund we stand in solidarity with those who demand an end to racial inequality and injustice.

The vision of the Justin Wynn Fund is to create leaders who improve their communities and inspire those around them to do the same. Working with youth leaders is more important than ever as we need their voices and actions to effect change now and for years to come.

Empathy has always been one of the most important qualities we discuss with our youth leaders. Understanding the needs of our community and then searching for concrete ways to help is at the core of our organization.

We will not be bystanders. In the Justin Wynn Leadership Academy, we will be ramping up our efforts to incorporate social justice into our leadership curriculum and outreach in the community. We intend to grow leaders who speak out and take action against racial injustice.

With hope,

Carrie Ost, JWLA Program Director

Sue Thompson, JWF Executive Director

Dave Bowen, JWF Board President
